

# Log Consumption Time

Figure 1 shows the log size on disk and the log consumption time taken by APTHunter and S-HOLMES. The columns show the uncompressed log size on disk, while the brown and green lines show the consumption time for S-HOLMES and APTHunter respectively.

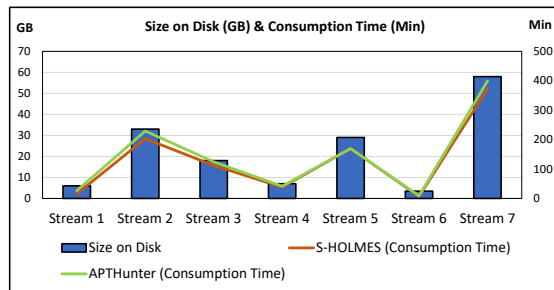

Figure 1. Log size on disk (in GB) and consumption time (from the moment the log is generated all the way to generating the provenance graph) (in Minutes).
